

Telegram Animation Downloader

Automation Bridge

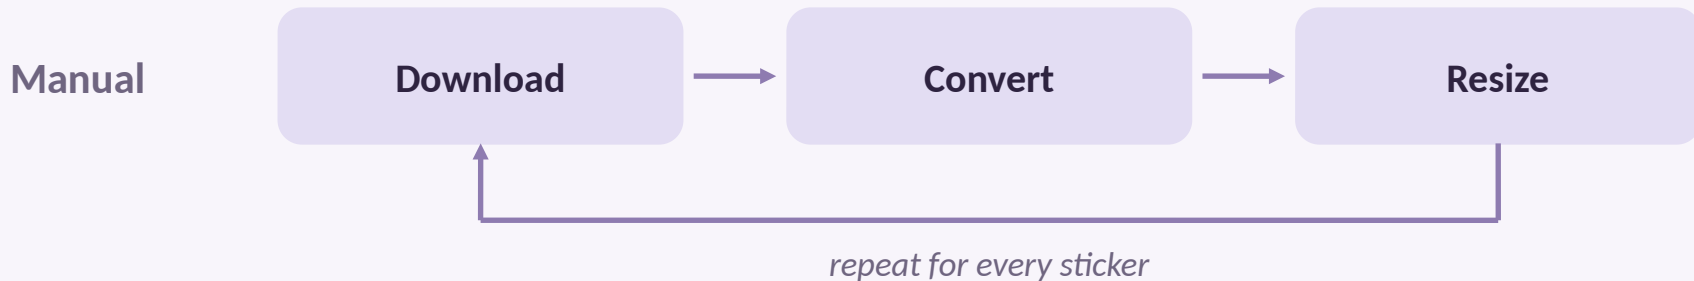

Telegram stickers, ready for WhatsApp.

Laxman Singh 25mcc20029

Ubaid Khan 25mcc20014

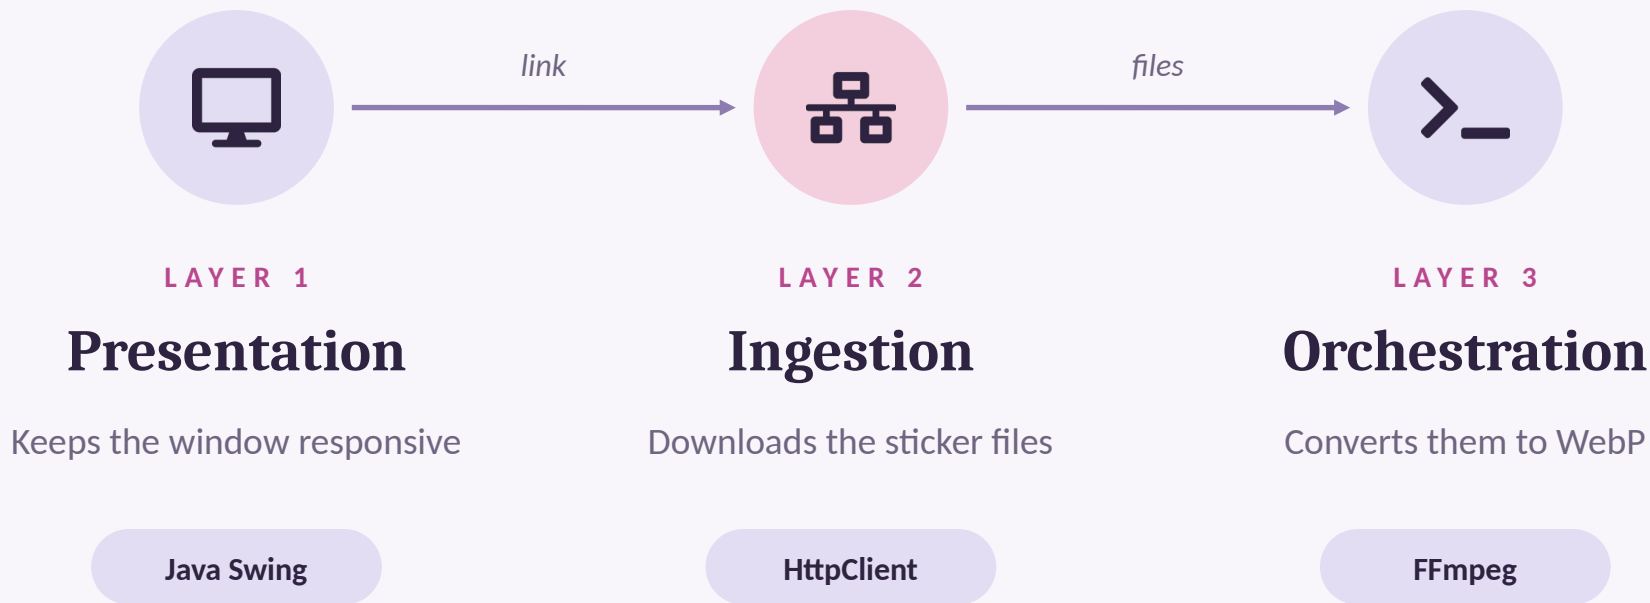

One link replaces every manual step

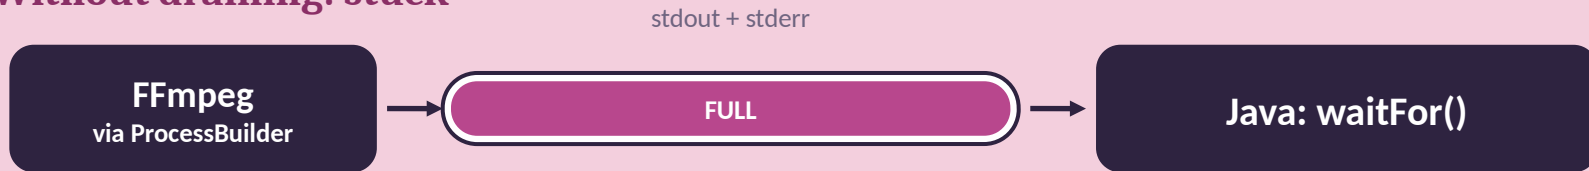

One click. The whole pack.

Three layers, one job each

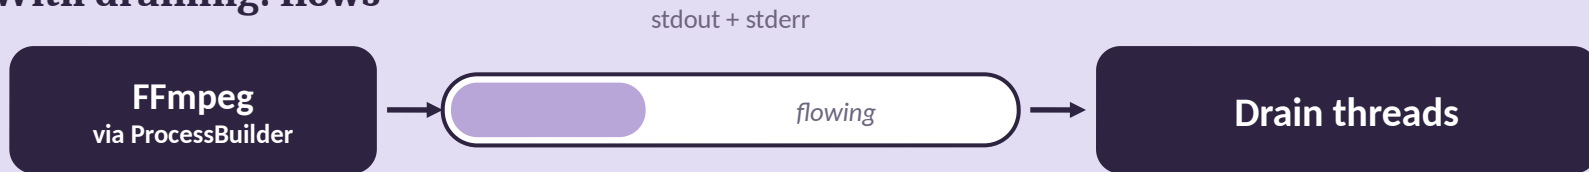

Draining the pipe prevents deadlock

Without draining: stuck

Pipe fills up. FFmpeg waits for Java to read. Java waits for FFmpeg to exit.

With draining: flows

Threads empty the pipe as it fills, so FFmpeg always finishes.

Link in, stickers out

Paste

a Telegram pack link

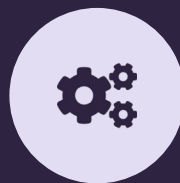

Parse

pack info via regex

Fetch

files via HttpClient

Convert

FFmpeg to
512 × 512 WebP

Export

ready for WhatsApp
